The 2008 Year End Show is being recorded by Jerry Mason of In-Focus Videography, Westbank. He will also be present at both rehearsals, capturing extra footage for inclusion in this year's DVDs. Some of his video work from earlier this year at the Cleland Theatre can be seen on his website under the 'personal' page at www.in-focusvideography.com/personal.html. This year the DVDs will be fully indexed and will be available for purchase at \$35 each for either the Friday or Saturday performance. **DvDs must be pre-ordered along with payment,**

Due to the complexity of editing this year's show, delivery will be approximately 3-4 weeks after the event.

Any further enquires are welcome at info@in-focusvideography.com
